### FIRE DAMAGES LAKE HOME ON TUESDAY

The City Fire Department was notified by Mrs. Nels Olson at 9 o'clock Tuesday morning of a fire in the Dr. Vernon Blaha house next door to the Olson home at Lake Margrethe. The Department through a misunderstanding went first to the new Blaha home in North Park, but reached the lake house in time to confine the fire damage to its place of origin, in the furnace room, according to Chief Milow Case. He was unable to estimate the value of damages, but stated that the water and smoke damage was extensive. The Department had to get its water supply from the lake.

### Frankfort Panthers To Face Houghton Gremlins From UP

Two Class "C" powerhouses will lock horns at the Grayling High gym at 7:30 p. m. this Wednesday night to decide who will move on to the semifinals in Lansing this weekend in the State High School Basketball Tournament.

The Frankfort Panthers, winners of their own District and then winners of the Potoskey Regionals will match their hardwood skill with the Houghton Gremlins, pride of the Upper Peninsula. The Gremlins won their own district also and then captured the Regional crown at Marquette.

Tipoff time is set for 7:30 p. m., stated Frank L. Bond, Tournament manager and the admission set by the Michigan High School Athletic Association is \$1.00 per person straight. There will be no advance ticket sale except at the two schools entered in Quarterfinal play.

Frankfort, after capturing the District crown at Frankfort, moved into the Potoskey Regionals. Last Tuesday night, they turned back a good Traverse City St. Francis team 68 to 54 for Frankfort's 20th cage victory of the season. They bumped into Cheboygan Catholic Central in Thursday night and took them into camp 51 to 43 to move into the finals against the Charlevoix Rayders. Charlevoix had clinched a berth in the finals with a victory over the Roscommon Bucks. The Panthers proved equal to the task Saturday night and stopped the Rayders, 62 to 48 to set up their appearance in the Grayling Quarterfinal.

Houghton, winner of their own District tourney, in the meantime moved to the Marquette Regionals where four tough Class C teams from the Upper Peninsula vied for the right to move on toward Lansing. In the first game, Wakefield tripped Rudyard while Houghton moved past Gladstone by an easy 68 to 44 score. In the Saturday night championship clash, the Gremlins again made it look easy as they took the Wakefield Cardinal by another easy 70 to 54 score to setup the Wednesday night battle here.

### Friday Meet To Discuss New Industry

The Industrial Development Committee, a division of the Crawford County Chamber of Commerce, is appealing to all interested citizens of this area, to attend a meeting next Friday, March 23rd, 1962, in the County Court House, at 7:30 p. m., to become acquainted with a proposed new industry for Grayling.

### Red Cross Meets To Reorganize

A meeting was called for last Thursday at Shoppengons Motor Hotel to attempt to reorganize the Crawford County Red Cross due to the resignation of Mrs. C. G. Clippert, county chairman. Mrs. Clippert tendered her resignation after 25 years of service to the organization.

The meeting was very poorly attended so not much progress was made.

Mrs. Joseph Hull has agreed to continue as First Aid Chairman and for the present at least has accepted the chairmanship of Red Ladies—a new project, the Red Cross hopes to promote. Mrs. Leona Jorgenson will continue as secretary-treasurer and home service chairman, Floyd Davis as disaster chairman, Mr. and Mrs. Richard Lovely, loan closet and Mrs. Rose, best sewing publicity.

A county chairman and vice chairman are needed as well as home nursing, volunteer services and a board of directors.

Another meeting will be forthcoming.

### SURPLUS CORN FOR DEER ALL USED

There have been a number of requests for the Government surplus corn procured by the Grayling Sportsman's Club from the Commodity Credit Corporation, but the club put the corn to use in ten locations that had to be designated by description at the time the application for the surplus corn was sent in. However, all those who feed deer and who would like to come under the program for another year may register with Mr. Claude Lytle, Chairman of the Deer Feed Committee, or with John Letzweg, Leave your name and address and a complete description of the property where you feed deer, which the Club will keep on file for future reference in case of another emergency such as this year.

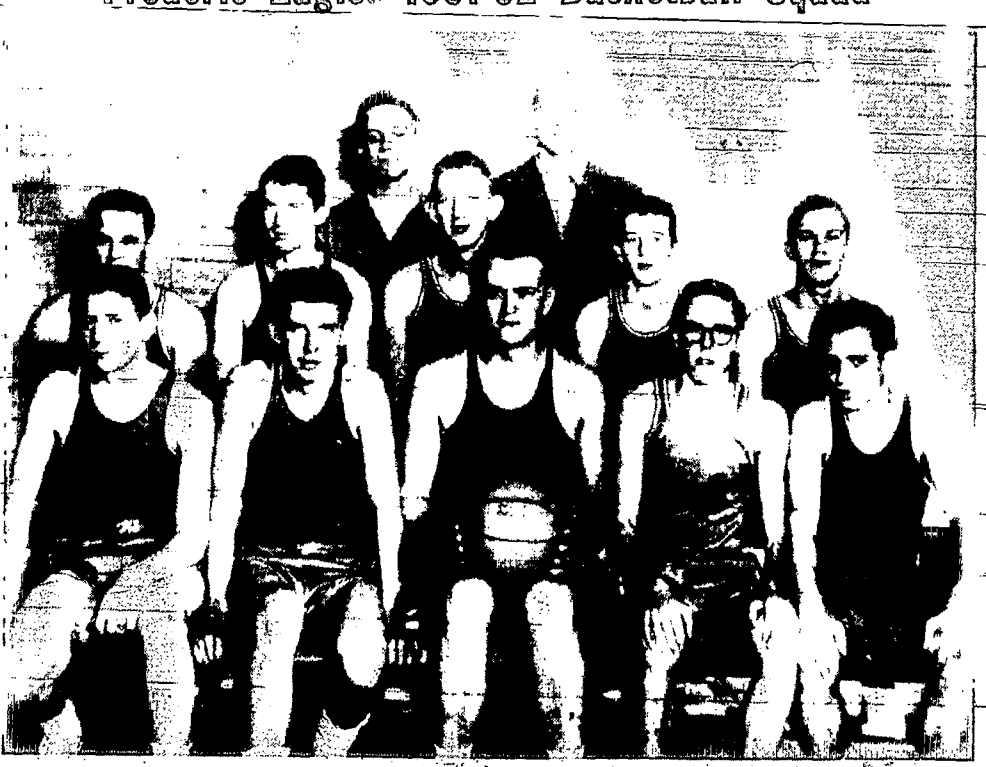

The Club is glad to have the public take interest in their deer feeding stations, but several casualties among the deer have resulted from motorist speeding past the stations, most of which are marked by signs, except for the area near the Clubhouse. The Sportsman's Club asks motorists to "Please, slow down," in these areas.

Ben Redman ended an outstanding basketball career for Frederic High School with strong performances in the district tournament at Gaylord, scoring 41 points in the two games. During his four years of varsity play Ben has scored a total of 886 points, his scoring total for this year is 349, and he connected on 41.3% of his field goal attempts. He also placed second on the team in rebounding and free throw percentage.

Ben was in an all conference selection last year and should be a unanimous choice this year. He was selected to the Class D All Tournament team in the Gaylord District (picked by the Gaylord Radio Station). While he has worked hard developing his basketball skills, he has not done so at the expense of classroom work. Ben is a strong B student and has been accepted for enrollment at Michigan State University next fall.

## Former Residents Meet In California

Mrs. B. L. Konneker of Van  
Nuys, Calif., opened her home on  
Sunday, March 11th, for a get-to-  
gether of former Grayling resi-  
dents to meet and visit with Mrs.  
Fred Ingalls, daughter of Mrs.  
Laurie Rasmussen and Mr. Nola  
Laurand, who are spending the  
winter in California. There were  
26 in all, and they reminisced a-  
bout Grayling and enjoyed a pot-  
luck dinner. Mrs. Ingalls and  
Mrs. Laurie Rasmussen were co-  
hostesses.

The guests included Edward B.  
Henne, Mr. and Mrs. Ervin Hodge  
(Anna Fischer), Mr. and Mrs.  
Clarence Cleghorn (Agnes La-  
Brash), Mr. and Mrs. Leo Koer-  
per (Gladys Wheeler), Miss Helen  
R. Koerper, William A. Ingley,  
Mrs. Blanche Hodge Zimmermann,  
Mrs. Jake W. Letzku (Nellie  
Shanahan), Mr. and Mrs. George  
B. May (George Gross) and daugh-  
ters Carolyn and Gail Ann, the  
Misses Colette Smith and  
Sharon, and Mr. Ingley, the  
eldest present, who makes his  
home with his niece Mrs. Koerper,  
left Grayling in 1905, and he en-  
joyed talking about the lumber-  
ing days. His parents were pion-  
eers of Grayling.

## Between The Bookends

"THE WHITE RAJAH"  
By Nicholas Monsarrat

When Sir James Marriott died in  
1850 he bequeathed to his  
younger son, Richard, a map-  
makers globe and two silver pic-  
tures — in other words the world  
and two weapons to conquer it.  
There was little that young Mar-  
riott and his ship had not explored  
from smuggling to slavery, but  
none equaled the danger he met  
when his ship struck a reef off  
Makassang. A land of fabulous  
wealth, Makassang had become a  
byword for hostility and cruelty  
to sailor and adventurer alike.  
Luckily the Rajah of Makassang  
had heard of Richard Marriott,  
had need of his services. There  
was no question of Marriott re-  
fusing, even to the hand of the  
Rajah's daughter. But Marriott  
soon discovered the cruelty he  
could not stomach, the perfidy of  
presumed friends, so finally he  
stood alone.

You will want to read "The  
White Rajah" for its pageantry,  
its action and for its lavish en-  
tertainment.

This book is available at the  
Crawford County Library.

## RADKA REPORTS ON CON-CON

We have started the third week  
of consideration of the Judicial  
Article.

Little change was recommended  
at the Circuit level although they  
did give the Supreme Court what  
I regard as legislative authority  
rather than strict judicial super-  
vision of the Circuit Courts. The  
proposal allows the Supreme Court  
to direct the legislature to change  
numbers of judges and change  
and alter circuits. This to me is  
in conflict with the "separation of  
powers" doctrine. This same  
power in the Supreme Court was  
included in the Probate Court  
article where they could recom-  
mend the combination of Probate  
Courts into district or combine  
the Courts with inferior courts. I  
had an amendment which passed  
and removed this power from the  
Supreme Court over Probate  
Court and it is possible on the  
second reading of the convention,  
by amendment, will follow the same  
change to Circuit Courts.

The Judiciary committee first  
recommended that all judges at  
every level be lawyers. It was  
very difficult to get the commit-  
tee members to listen to the prob-  
lems of our Northern Michigan  
Counties. The committee recom-  
mended that within five years the  
laymen justice court be abolished  
and in reply to a question of what  
we would do in some of our rural  
counties where there would be no  
attorneys to act as judges within  
five years, I was told, "You will  
have to live with the problem."

A compromise amendment was  
finally agreed to, where attorneys  
are not required in non-record  
courts and the legislature has the  
power and must establish inferior  
statutory courts within five years.

The Judiciary committee wanted  
to establish a uniform county  
court system. They couldn't agree  
in committee because they learned  
too many counties couldn't afford  
didn't need or didn't have an at-  
torney available for a County  
Court. They then countered by  
inserting that all judges be attor-  
neys. They learned that in many  
rural counties there weren't at-  
torneys to fill the position so they  
agreed they should make the sal-  
ary large enough to attract attor-  
neys. Even if this did happen the  
next problem they would have is  
that the new attorney judge with  
his large salary would have little  
to do to justify the salary. To  
give him something to do they  
recommended that the Probate  
Court might take on jurisdiction  
now held by inferior courts.

The Probate court section origi-  
nally provided that the legislature  
have the power to abolish certain  
county probate courts and create  
probate courts by combining two  
or more counties. Our attempt  
to prevent combining of county  
probate courts failed and the at-  
tempt to require approval by the  
voters of the abolishment of a  
county probate court also failed.

As I stated previously, we did  
succeed in taking these powers  
from the Supreme Court. An  
amendment to not require that  
Probate Judges be lawyers failed  
and the committee report allows  
all present laymen Probate Judges  
to continue so long as they con-  
tinue to be elected.

One delegate said that the op-  
position to the committee's recom-  
mendations relating to Probate Courts  
was simply an attempt to protect  
a few probate judges. It was my  
contention among other reasons  
that Northern Michigan counties  
do not want their own probate  
courts abolished by combining  
with other counties. The com-  
mittee proposal originally allowed  
all this combining and merger of  
courts in counties of 25,000 or un-  
der. An amendment was passed  
at the end of deliberation which  
removed the 25,000 figure. On  
reflection many delegates in the  
larger counties who had been so  
eager to solve our Northern Mich-  
igan Probate Court problems for  
some of their eagerness when they  
fully realized the proposal could  
be applied to them.

The new adjournment date was  
set at 14 April.

## The Greatest Hoax . . .

Speaking on the floor of the House, Representative Irling of Florida recently made an extremely important point that seems to be generally overlooked or misunderstood in discussions of government spending: "Only by controlling its spending can the Government achieve the results which so often, but inaccurately, are said to come from increased spending. The greatest hoax of our time is the notion that greater spending in the so-called public sector is a means for increasing economic growth. The Government lives off of the private economy, and not vice versa."

The government does not and cannot create genuine wealth and growth. Growth depends upon the availability of capital — from the savings of individuals and from the profits of industry. The more that government takes out of the economy, in taxes, the less there is left to build, renew and revitalize that economy.

It's that simple, in spite of all the clouds of learned words that, more often than not, serve to obscure, not clarify, the matter.

## The Right Principle . . .

President Kennedy has submitted a plan for a spectacular space communications system to Congress. Certain of his observations are of unusual interest. He states that throughout the history of this country "national communication systems have been privately owned," and that studies have convinced him that the "national objectives" can best be achieved "in the framework of a privately owned corporation, properly chartered by Congress."

It is difficult to see how anyone, save those who want the government to do everything, can quarrel with this. And it would be a great day for this nation if that attitude were extended to all other enterprise, old or new. The fact is that this country's whole economic system is based upon the work of private enterprise — which means private investment, private risk, private pioneering — under reasonable government regulation when that is necessary. But the system has been "sadly watered over the years as government itself has gone deeper and deeper into commercial businesses of many kinds. This means more than a needless burden on the taxpayers. It means an erosion of economic freedoms and the undermining of political liberty."

In short, the principle the President has applied to ownership of space communications was meant to apply to every kind of project under our basic form of government.

## Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

March 23, 1939

Although the attendance at the Legion birthday party Friday night was not as large as expected those present spent a very enjoyable evening. Pinchle and Chinese checkers were enjoyed and Charles Miesel and Mrs. Carl Nielsen held the high scores for pinchle, and Mrs. Miesel for checkers. Following the games lunch was announced and the long tables were spread, prettily decorated in the Irish colors, as it was St. Patrick's day. One table was centered with the birthday cake, which was some 24 inches in diameter, frosted in white with a floral decoration. Lettering on the cake read "American Legion, 20th Birthday," and there were 20 lighted candles on it. Green tapers were placed each side of the cake. The other table was a blooming shamrock guarded by green tapers. Wilfred Laurant, a charter member, and who had been long in office, was asked to cut the cake. He was very liberal and cut the cake in plentiful portions, so everyone had a lot of birthday cake. After lunch Alfred Hanson read a history of the organization beginning with the day of the organization up to the present. This was extremely interesting and showed the organization had been very active during its 20 years. A regular history is to be compiled and kept up each year, which will be invaluable in the years to come. The Auxiliary ladies were playing hostess and as the crowd marched to the tables and were standing in line they sang "Happy Birthday to you." It proved a very happy evening for all.

With bright days at this time, it is hard to realize that last Sunday morning was the coldest day of the winter when the temperature registered 19 below. On the day before Saturday, it was 14 below. Sunday was dominated by strong winds and drifting snow. Sunday saw the temperature begin to rise. This morning, Thursday, the temperature was 27 above and climbing fast.

The Mason - Legion pinchle tournament is drawing to a close and next Wednesday evening will determine the winners. Tuesday evening seven tables were in play at the Masonic temple, with Charles Moore and Clair Smith holding high score for the Masons and Clarence Johnson and Otto Felling for the Legionnaires.

The news of the death of Governor Frank D. Fitzgerald was indeed shocking. Without the slightest intimation that his illness was critical, he passed away at his home in Grand Lodge Thursday evening.

The Civilian Conservation Corps completes six years of successful operation on April 5th, 1939. In recent years the Corps birthday has been made an occasion for the holding of "open house" celebrations in the individual CCC camps. These open house celebrations aid in the development and maintenance of good relations between the CCC camps and the surrounding communities. They also furnish the general public with an opportunity to inspect the CCC camps and to look at the work which enrollees have done.

In this morning's Free Press is a picture of C. E. Schlotz, public relations chairman for the Danish National Committee of Detroit, conferring with Dr. I. Karl Eskelund, chief of the Danish Foreign Office's press department, making plans for the forthcoming Detroit visit of Crown Prince Frederik and Crown Princess Ingrid of Denmark, who will be in Detroit April 28 and 27. Dr. Eskelund and Mr. Schlotz were making plans for their visit. Mr. Schlotz is a brother of the late Nick Schlotz.

Feldhauser school wins first honors in the TB Christmas seal sale in Crawford County. That was the report issued this week by the Michigan Tuberculosis Association. Under the direction of the teacher, Henry Methner, Principal, the Frederic school ran the Feldhauser boys and girls a close second in the county-wide seal sale.

A fire alarm was sounded Friday afternoon when the back seat of the Joe McLeod automobile was discovered burning. The car was parked in the rear of the Hanson Hardware near the John Bruun stables. It was quickly extinguished.

Mrs. Harry Conine and daughter Mary Gretchen left Sunday to motor to Houston, Texas, to be gone several weeks. Returning they will be accompanied by the former's mother, Mrs. D. Trevegno of Cadillac, who has been spending winter there.

It is reported there are 12 families in Rosecommon quarantined with smallpox. Also it is reported that with a little over 2000 population in that county there have been to date 1900 vaccinations. In comparison in Crawford County Monday there were 364 vaccinations.

tions by Dr. Laughbaum. Two years ago 194 were vaccinated. Local physicians report however more vaccinations each day.

Miss Laura Johnson, daughter of Mr. and Mrs. John H. Johnson, Hale, niece of Mrs. Emil Giesling, took part in the Milwaukee-Dowder College swimming meet March 10, held annually by the Athletic Association. This year's demonstration was built around the theme that "swimming can be fun" with ample proof in a series of water games, a history of the swimming stroke dating from Mr. and Mrs. Stone Hatches' dash from a pursuing tiger into the river where they had to sink or swim, and concluding with elaborate formations and competition in speed and form.

Mr. and Mrs. Raymond Skingley returned to their Beaver Creek home last Thursday noon from Florida, where they spent the last three months. They report having had a fine time.

Mr. Kuk of Beaver Creek seems to have had luck in keeping his little dogs. He claims to have lost two more from his little flock.

## BITS O' TALK

George A. Griffith, Grayling, won recognition for good Sportsmanship last week in the Metropolitan Miami Fishing Tournament when he caught and released a redfish while out of Hane's Tackle Box, Islamorada, Fla. His catch will be recorded on the front page of his personalized copy of the Year Book South Florida Fishing. The Tournament, emphasizing conservation runs through April 15th.

Mrs. B. E. Henig left Tuesday for Lansing to stay overnight with her parents, the H. E. Farringtons, then drove on to Bloomfield Hills to pick up her daughter Jeanette at Kingswood School Cranbrook to bring her home for spring vacation. Jan's vacation lasts until April 10th.

Be sure to see the Pyrofax Gas advertisement on page two of this issue. Post Oil Co., Inc.

Mr. and Mrs. John Desso and daughters Carol and Gail returned Monday last week after spending three weeks traveling to and in Florida. They were on the west coast of Florida and back to the east coast. At Port Charlotte near Ft. Myer, where there had been no rain for five months, they arrived just after raging forest fires had burned over 6,000 acres of land, at one point being close enough to the area to feel heat from the fire and have difficulty with smoke covering the highway. They visited friends at Ft. Myer, then went on to Miami to spend four days with relatives, arriving there the day after the storm-generated wave damage to that area. They spent a day at Ft. Lauderdale, and took in the local attractions wherever possible. They saw alligators alongside the highway while passing through a portion of the Everglades, and found a public beach which had been closed just ahead of their visit because of an alligator turning up there unexpectedly. They returned home to get stuck in their own driveway after the heavy snowfall the previous night.

Frank Schmidt returned home home March 1st after spending two months in Florida, in Hollywood visiting his daughter Peggy, Mrs. Albert Olsen and in Ft. Lauderdale his cousin, Mr. and Mrs. R. S. Buzzell. He is making his home with his mother Mrs. Holger Schmidt until the road opens to his home at K. P. Lake.

Charles Moore and Mr. and Mrs. John Alef and children Johnny, Jimmy, Danny and Mary left Friday morning for Detroit to stay overnight before taking off from Willow Run Saturday morning for St. Petersburg, Florida. They plan to take a two-week vacation in the sunshine.

## Chamber of Commerce Minutes

Regular meeting of the Crawford County Chamber of Commerce, 15 February 1962.

Members present: R. DuBois, D. Jansen, R. Schulze, J. Latuszek, L. Rochette, S. Gust, J. Alef and F. Bond.

Members absent: L. Wolff.

Motion by DuBois and seconded by Jansen that the minutes of the last meeting be approved as printed.

Treasurer's report by Treasurer DuBois.

Motion by Rochette and seconded by Latuszek that the Treasurer's report be accepted as read and that all bills presented be paid. All Ayes.

Mail read and discussed.

The following items were presented to the Board for discussion, judgement and action:

1. The Board were informed that the Industrial Development Corporation interviewed the Red Mill Pallet Company, who will be operating a plant here shortly; an industry that may locate here with manufacturing spillover fences and Mr. Pat Malley representing a group of citizens to construct a rest home in northern Michigan.

2. Canoe Race exploration discussion was held. Board was told of the joint meeting with Mlo and Oaxaca and a portion of our race committee. The contract between Ron Frosh and the above mentioned towns was to have been received by this office prior to this meeting. It was planned that Chairman Eric Post would go over the contract with this Board and then reach a decision to either sign the canoe race over to Frosh or reject the contract, returning it to him unsigned.

Motion by Bond and seconded by Gust that when this contract was received, President Schulze, Vice President Jansen and Eric Post would meet for the purpose of studying the contract and if suitable, it was to be signed. All Ayes.

3. The Board were told of the invitation by Karl Vogelheim on behalf of the United Fund extended to this Chamber to attend their directors' meeting to be held in Gaylord on February 20th. Hayes was instructed to represent the Chamber and it was suggested that he take another interested person with him, preferably one who had participated in other drives. The purpose of the Crawford County Chamber of Commerce being represented was to determine whether Crawford County would like to participate.

4. The invitation of the Higgins Lake Trout Festival committee to this Chamber to be guests was passed on to this Board. There was also a request that an individual act in the capacity of making one of the contest awards. The Board designated Hayes to attend.

5. The letter, resulting from the several contacts with the Michigan Highway Department, was read to this Board. The letter definitely detailed the sign construction that had been assigned to the City of Grayling. The Secretary was instructed to pass this letter on to the Crawford County Avalanche for reprinting.

6. The Board was brought up to date on the several meetings concerning the proposed roadside signs inviting tourists to leave I-75 following the business route thru Grayling. They were also told of the proposed sign to possibly be erected on I-75 north of the down river road to attract South bound people who missed the regular business route at the junction of M-93. This sign will be financed by a certain selected few interested owners in the food and housing business.

7. The Board were shown a complete cost breakdown statement on the operation of Appreciation Day.

8. Membership. A motion was made by Alef and seconded by Jansen that the membership check brought to this meeting by John Latuszek representing the dues of the Grayling Bottling Co. be accepted and that the Grayling Bottling Co. be reinstated in the membership of the Chamber. The reduced membership check of the A & P Company was discussed. The Board of Directors unanimously

mously decided that this check for membership was not to be accepted. President Schulze is to return the check to the Grand Rapids Division with an accompanying letter of explanation and a request for full payment.

9. Literature of fall color brochures were shown to this Board. President Schulze is to write for further details and prices.

10. Vice President John Latuszek told of the stand regarding the present starvation conditions of the deer herd taken by the Sportsmen's Club and requested a wire be sent to Jerry Eddy requesting browse cutting by the prison crews. The Manager was ordered to send this wire and write Mr. S. J. Gillman, Director of Camps LaVictoire and Lehman telling him of the request and a copy of the wire to Mr. Eddy is to be included.

There being no other business to come before this Board, motion by Alef and seconded by Rochette that this meeting be adjourned at 6:15 p. m.

## A SURE WAY TO MAKE THE BEST POSSIBLE DEAL

How much will it cost you to trade your old car on a new one this year?

There is a simple way to make that figure the lowest possible net price by helping the dealer you trade with.

Think about it for a minute and you'll realize that the difference figure is set essentially by two factors: what your dealer can get for your used car and how much it costs him to sell it.

There is a right buyer at the right price for every used car, but it often takes time to find him — sometimes three to four weeks. By letting your dealer know as long as possible in advance that you are going to trade with him you'll give him time to find the right buyer, even before you turn your car in.

It costs a dealer \$3.00 to \$5.00 per day expenses to keep your used car on his lot — \$60.00 to \$150.00 per month — which you can help him greatly reduce by this advance notice he has your car to sell.

If you get all your service work done with your trading dealer you'll enable him to "know" your car. He'll then be able to sell it with the confidence it will serve its next owner well.

It logically follows you should pick a dealer you would like to service your car through out the year. If possible, a local one, who has a reputation for keeping his promises. Do this and you'll reap dividends in cash savings and increased satisfaction.

In spite of the fact that Marie Hatfield and Diana Tapley succeeded in lowering their handicaps, Barney's Boomers had to settle for eight points.

### \$50,000 To Outfit Local Crop Of Babies

NEW YORK - Babies have become big business in Crawford County. Each new one, as it arrives, sets in motion a flurry of spending on the part of its parents, grandparents and other relatives.

The current baby crop, which has weighed in on schedule, proves to be a large and lusty batch, with a loud demand for the latest in comforts and services, many of which were non-existent when pregnancy was born.

On the market and available to them are scientifically prepared foods, special clothing and toiletries, functional furniture for the nursery, a bathing equipped with all kinds of gadgets, diaper service, formula service and so on.

The result is that a whole host of baby industries, some of which are not very old and some are busy catering to their majesties.

The volume of business done in Crawford County by these concerns hinges directly upon the local birth rate, which is at a healthy 20.1 per 1,000 population, comparing favorably with the rate in many other parts of the nation.

The findings are based on latest official government figures, covering the year ending January 1st, 1930, gathered by the U. S. Public Health Service and recently released.

They show that there were some 100 babies born to local parents in the year. Not included in the total were those born locally to non-residents.

Various estimates have been advanced by baby supply firms as to the initial cost of providing for a new-born child.

A middle-of-the-road figure puts it at \$500. It breaks down to \$120 for clothing, \$30 for layette, \$150 for furniture, \$40 for toys, \$35 for diapers and pants, \$30 for bedding, and \$45 for toiletries. If the baby is a second or a third child, it is somewhat less.

Assuming that the \$500 average applies in Crawford County, the amount of new business that is stirred up by the year's crop of babies adds up to \$50,000.

Birth rates are expected to zoom upwards in a few years when the post-war babies, today's teen-agers, start getting married.

### Girl Scout Investiture Program Held March 15

A special evening investiture ceremony held during National Girl Scout Week to further celebrate the 50th Anniversary of Girl Scouts of America, was marked by a large attendance of parents and interested friends of Girl Scout Troop No. 4 at the Michelson Memorial Church on Thursday evening, March 15th.

The program opened with the singing of "America." A Flag Ceremony was conducted by Victoria Nielson, Monica Stephan and Pamela Legg. The Pledge of Allegiance was given.

A candlelight ceremony highlighted the investiture service with the leader, Mrs. Nellist being invested as an adult Girl Scout and lighting the first candle to signify the light of Girl Scout shining forth to brighten all dark corners of the world.

With the saying of the Girl Scout Law by each Girl Scout, 18 additional candles were lit and the investiture program was completed when, after singing "Whenever You Make a Promise," the newest members of the troop said their promise and were received into the troop. New girls who received their pins from Mrs. Nellist were: Kristy Bennett, Kathy Baker, Michelle Clough, Jenny Crumby, Terry Denewett and Patricia Nelson.

Following the retiring of the flag, Mrs. Nellist gave a brief talk on the new Girl Scout Council soon to be in force in this area. She also thanked all the parents who contributed to the program's success by donating time, food and money.

Several musical numbers were presented by the girls. Jeanie Smock acting as announcer. Instrumental numbers were played by Michelle Clough, Kristy Bennett and Julie Thayer. The song, "Onward Christian Soldier," was sung by Margie Johnson, Pamela Wheeler, Ruth Johnson and Monica Stephan. The program was concluded with a piano solo by Ruth Johnson.

Refreshments were served in the dining room and a social hour was enjoyed by all those present. Mrs. Jack Church was chairman and dining room greeter and Margie Johnson and Kristy Bennett.
